

**STEP ONE**

Find a letter size sheet of paper that is free of any folds.

**STEP TWO**

Fold the sheet in half as shown

**STEP THREE**

Fold the corners 45° to the center crease

**STEP THREE**

This is what you should have right now

**STEP FOUR**

Fold in from the edges like so.

**STEP FIVE**

Fold the front half back so that the tip touches the back of the plane

**STEP SIX**

Fold in the edges to the center

**STEP SEVEN**

Fold the highlighted tab back so the tip is touching the front of the plane

**STEP EIGHT**

Fold the plane in half, making sure the folds are exposed on the outside

**STEP NINE**

Fold down the wings on both sides as shown
