

**STEP ONE**  
Find a letter size sheet of paper that is free of any folds.

**STEP TWO**  
Fold the sheet in half as shown

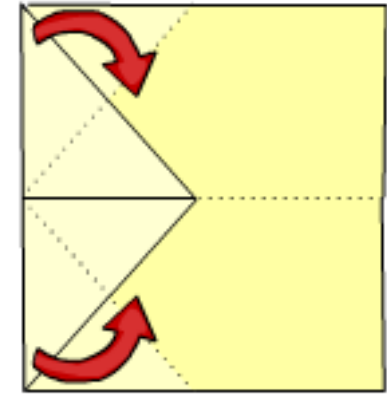

**STEP THREE**  
Fold the corners 45° to the center crease

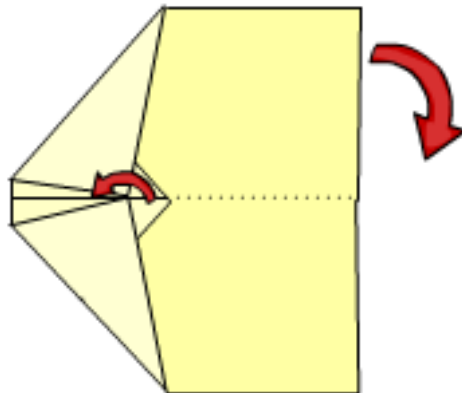

**STEP FOUR**  
Fold the new folds in on themselves

**STEP FOUR**  
This is what you should have right now

**STEP FIVE**  
Fold in again at a 35° angle

**STEP SIX**  
Fold the little flap over the two previous folds, and then fold the whole thing in half.

**STEP SEVEN**  
This is what you should have right now.  
Now fold the wings as shown.  
*DO THIS FOR BOTH SIDES*
